

Dear Saints at St. John,

O LORD, our Lord, how majestic is your name in all the earth! What is man that you are mindful of him, and the son of man that you care for him? (Psalm 8:1, 4).

In this Psalm King David marvels at God's love and care for us humans. God created us to care for His whole creation. Even after the Fall God restored us through the incarnation of His Son, our Lord and Savior, Jesus Christ, and crowned us with the glory and honor (v.5) to continue to care for His creation. This care includes bringing the Gospel to all creation (Mk. 16:15). Thank you for making it possible for us to be here in the Cayman Islands to bring the Gospel of Jesus Christ and Him crucified for all people to all people living here. We pray that they would believe in His Name and marvel with us at God's love and care for us all in the grace and mercy revealed in Jesus Christ, and praise His Name with us.

We wish you God's continued blessings for 2024!
Your partners in mission,

Gerald and Heidi Paul
